Be sure to share this brochure with your entire office staff. The Central New York Dental Conference (CNYDC) offers seminars for both the dental practitioner and their dental office personnel.

Please visit www.cnydc.org for more detailed information, updates, or to register online.

Welcome to the 2022 Central New York Dental Conference

The largest and only dental conference of its kind in central New York.

We invite all dental professionals and their staff to attend the 39th Annual Central New York Dental Conference (CNYDC). The CNYDC boasts nationally renowned speakers such as **Dr. Gordon Christensen**, along with a Dental Marketplace filled with dental representatives and vendors eager to show you their latest and newest products. The floorplan is designed to allow more accessibility to every vendor from two well-furnished hospitality areas. Wifi, comfortable seating, food and refreshments will make your visit to the Dental Marketplace one to remember!

We have a stellar lineup of speakers this year, offering seminars that will provide you with the practical knowledge you seek, and can put to use on Monday morning!

Your committee has worked many hours to develop and bring you this unparalleled program. We urge you to participate in this educational experience and to visit with our exhibitors who have supported our profession so many times. Don't miss this local opportunity to fulfill your MCE requirements, see the latest in dental products, as well as visit with other upstate colleagues.

Plan to attend. Reward your staff and make it an office event. I'm sure no one will be disappointed.

The Fifth District Dental Society is the sponsor of the Central New York Dental Conference. The Fifth District Dental Society is a component of the New York State Dental Association and the American Dental Association.

#1: NYS Mandated Dental Office Infection Control

Speaker: Terrence Thines, DDS, MS

Thursday, September 22, 2022 • 5:00 pm - 8:00 pm

3 MCE credits

Dental Office Infection Control 2022

Dental office infection control has evolved since the OSHA Bloodborne Pathogens Standard and the NYS training requirement were introduced in 1992. Practices have continued to evolve and incorporate advisories from federal, state and local agencies. Without a doubt the latest challenge to dentistry has been the Covid 19 pandemic. Every dental office needs to be familiar with current guidance to provide a safe environment for patients and staff. Updates from OSHA, NIOSH, CDC, FDA, EPA and ADA must be incorporated into our daily routines. This guidance is in addition to existing requirements from the NYS DOH and SED. This course will examine conventional, as well as emerging aspects of infection control. This curriculum fulfills the specific infection control course requirements for the mandated NYS Infection Control as well as OSHA training.

At the completion of this course participants will:

- Understand the professional responsibility to monitor office infection control practices.
- Understand how pathogens may be transmitted in the work environment: patient to healthcare worker, healthcare worker to patient, and patient to patient.
- Apply current scientifically accepted infection prevention and control principles as appropriate for the specific work environment.
- Minimize the opportunity for transmission of pathogens to patients and healthcare workers.
- Familiarize professionals with the law requiring this training and the professional misconduct charges that may be applicable for not complying with the law.
- Comply with New York State and OSHA training requirements

Target Audience

Dentists, Dental Hygienists, Dental Assistants

Dr. Thines received his dental training at the University at Buffalo School of Dental Medicine. He completed residency training at the Buffalo General Hospital. He also earned an M.S. degree in Epidemiology from the University at Buffalo School of Medicine and Biomedical Sciences.

Dr. Thines holds a Fellowship from American Association of Hospital Dentists, and he is recognized a Diplomate by the American Board of Special Care Dentistry.

Dr. Thines is a Professor Emeritus in the Department of Surgery, Division of Dentistry at Upstate Medical University. He has served as Chief of the Dental Service at the University Hospital. His previous faculty appointment was at Buffalo school of Dental Medicine in the Department of Oral Diagnostic Sciences. He has served as the dental school's Infection Control Officer and Committee Chairperson. Dr. Thines has been a consultant to the American Dental Association, NYS Department of Health, NYS Education Department and a technical advisor to the New York State Dental Association. He has lectured widely on oral medicine, patient management, communicable diseases as well as infection control.

(Dr. Thines has no financial relationships relevant to this presentation to disclose.)

#2: FORTRESS Risk Management

Speaker: Michael Ragan, DMD, JD, LLM

Thursday, September 22, 2022 • 5:00 pm - 8:00 pm

3 MCE credits

Dental Risk Management: Root Cause Analysis through Claims Review

In this course, closed dental malpractice claims will be analyzed to identify how and when dentists and their staff can implement risk management and ethical principles to enhance patient safety and reduce untoward outcomes. Topics include extractions and implants, failure to diagnose, nerve injury, and patient selection and management considerations. There are no prerequisites.

Objectives

- Apply clinical risk management strategies to improve patient safety, mitigate associated risk factors, and reduce untoward outcomes and malpractice claims
- Implement strategies to help prevent failure to diagnose allegations
- Recognize the potential effect technology and applied risk management can have on mitigating and managing nerve injury

Dentists who complete this course will be entitled to a 10% discount on their liability premiums for a three year period from the Fortress Insurance Company.

- Other insurance companies may also accept this course for a discount.
- Please check with your carrier.

Target Audience

Dentists, Dental Hygienists, Dental Assistants

Dr. Ragan is an attorney who represents physicians, dentists, and nurses in civil and administrative litigation. Dr. Ragan practiced dentistry for many years and spent nine years managing healthcare professional liability claims in the insurance industry. Dr. Ragan is a director of Fortress Insurance Company and chairs the Claims Committee. Dr. Ragan has nothing to disclose.

(Dr. Ragan is a consultant for Fortress Insurance Company.)

#3: The Christensen Bottom Line - 2022

Speaker: Gordon J. Christensen, DDS, MSD, PhD

Friday, September 23, 2022 • 9:00 am - 4:30 pm

7 MCE Credits

This fast moving “bottom line” course includes the areas of dentistry with the most activity and change in any given year. It is easily understood and has numerous summaries that help attendees to interpret the ongoing advancements in the profession. The course encourages audience participation, and questions and answers and is presented in an enjoyable and humorous manner. The hottest aspects in the following topics will be included in the planned program depending on the interests of the participants in your group, the popularity of topics at the time of your program, and the time available.

Join Dr. Christensen as he discusses:

State of the Profession	Laboratory Technology	Periodontics
CAD/CAM	Lasers	Practice Management
Diagnosis and Treatment Planning	Occlusion	Preventive Dentistry
Endodontics	Operative Dentistry	Prosthodontics Fixed
Equipment	Oral and Maxillofacial Radiology	Prosthodontics Removable
Esthetic Dentistry	Oral and Maxillofacial Surgery	Technology
Implant Dentistry	Orthodontics	
Infection Control	Pediatric Dentistry	

On the completion of this course attendees should be able to:

- List the most important and useful new techniques in the general topics selected by your group.
- List the most important and useful materials discussed in the general topics selected by your group.
- List the most important and useful new concepts discussed in this course.
- Implement those aspects of the course most applicable to your practice.

Target Audience

Dentists, Dental Hygienists, Dental Assistants, Front Office, Office Managers

Gordon J. Christensen is Founder and Chief Executive Officer of Practical Clinical Courses (PCC), Chief Executive Officer of Clinicians Report Foundation (CR), and a Practicing Prosthodontist in Provo, Utah. Gordon and Dr. Rella Christensen are co-founders of the non-profit CLINICIANS REPORT FOUNDATION (previously named CRA), which Rella directed for many years. Since 1976, they have conducted research in all areas of dentistry and published the findings to the profession in the well-known CRA Newsletter now called CLINICIANS REPORT. Gordon's degrees include: DDS, University of Southern California; MSD, University of Washington; PhD, University of Denver; and two honorary doctorates. Early in his career, Gordon helped initiate the University of Kentucky and University of Colorado dental schools and taught at the University of Washington. Currently, he is an adjunct professor at the University of Utah, School of Dentistry.

Gordon is a Diplomate of the American Board of Prosthodontics, a Fellow and Diplomate in the International Congress of Oral Implantologists, a Fellow in the Academy of Osseointegration, American College of Dentists, International College of Dentists, American College of Prosthodontists, Academy of General Dentistry (Hon), Royal College of Surgeons of England, and an Associate Fellow in the American Academy of Implant Dentistry.

Some of his other memberships include: American Academy of Esthetic Dentistry; International Association of Dental Research; Academy of LDS Dentists; American Academy of Restorative Dentistry; American Academy of Fixed Prosthodontics; Academy of Operative Dentistry; and International College of Prosthodontists.

(Dr. Christensen has no financial relationships relevant to this presentation to disclose.)

#4: Offensive Dentistry & Nobody Caries!

Speaker: Brian Novy, DDS

Friday, September 23, 2022 • 8:30 am - 4:00 pm

7 MCE Credits

Offensive Dentistry (AM)

Let's face it, sitting through a lecture about dental caries or caries risk assessment isn't appealing (in fact it sounds downright boring). However, the science of clinical cariology is beginning to have an impact on restorative techniques and technology. *Streptococcus mutans* has more to fear than a rheostat, now that we're armed with salivary diagnostics and bioactive materials.

At the end of the morning, participants should be able to:

- Intervene medically in the caries process
- Control patient caries risk with focused therapeutics
- Design restorations to minimize recurrent decay
- Improve the prognosis of restorative treatment

Nobody Caries (PM)

Sometimes it seems as though our patients don't grasp the basic concept of home care. Other times our patients with impeccable hygiene develop rampant decay and we feel helpless because we can't figure out what's going on. The mouth is a remarkable environment that cariologists are finally beginning to understand, and so can you. Come learn everything you didn't know about plaque and the amazing organisms that make the mouth a wonderful place to work.

Course Objectives:

- Explain the mixed ecological approach to caries causation
- Apply Evidence Based and novel preventive therapies
- Quickly identify high caries risk patients before they develop disease
- Stop "watching" lesions and see them get smaller

Target Audience

Dental Hygienists, Dentists, Dental Assistants

Dr. Novy is the Chief Dental Officer of the Alliance Dental Center in Quincy, Massachusetts. The California Dental Association Foundation presented him with the Dugoni Award for "Outstanding contributions to dental education," and his office was the first to receive the title, "American Dental Association Adult Preventive Care Practice of the Year." He served on the ADA Council of Scientific Affairs from 2010 to 2014, and as chair of the CAMBRA coalition. In 2016 he was appointed the consumer advocate on the United States Food and Drug Administration Dental Products Panel.

(Dr. Novy has no financial relationships relevant to this presentation to disclose.)
